

Campaign to Re-Elect David Chastain

Press Release

For Immediate Release

Questions may be directed to ccsbpost4@gmail.com

As seen on my campaign website,

<https://www.davidchastainforcobb.com/map-post-4>

The deliberate attempt by Catherine Pozniak and her small platoon of Democratic socialists is on full display in Cobb County. The recent complaint she filed with the board of elections is baseless and politics at its worst.

Only a frantic candidate would make such groundless and inaccurate claims while ignoring the real facts. David Chastain has only had one campaign and one bank account associated with that campaign, to say anything different is a blatant lie.

Highlighting the frivolous and malicious nature of his opponent's allegations, David Chastain retained former State Ethics Chairman and attorney Jake Evans, who said:

“Frivolous complaints like this one are routinely made by desperate candidates trying to distract from the core issues of the campaign. Mr. Chastain fully complied with Georgia campaign finance laws.”

Ironically, Catherine Pozniak made full use of the same built-in amendment process for her campaign. The only difference between the two amendments is that David Chastain immediately corrected the error, while Pozniak casually took two full months to correct her inaccurate filings.

The deceitful hypocrisy displayed by Pozniak is not surprising for a campaign that continuously questions our students' remarkable level of success.

Mr. Chastain wonders whether Pozniak was advised to use these types of deceitful tactics from national liberal groups who actively support and fiancé her campaign.

Those far-left fringe supporters include NY's former Mayor Bloomberg's family, the scandal-ridden Southern Poverty Law Center, the Teach-for-America organization, and the radical NEA (National Education Association), among many other liberal groups/individuals in the far-left Hall of Fame. The Chastain campaign notes that Candidate Pozniak, would not have received those types of endorsements and support, without sharing their 'woke' values.

Finally, David Chastain will not be distracted by the antics of this 'woke' candidate and will continue to put student safety as the top priority and aggressively defend our accreditation, while fully rejecting the idea that CRT should be part of Cobb's instruction.
